AGENCY: Office of the Secretary, USDA.

ACTION: Semiannual regulatory agenda.

SUMMARY: This agenda provides summary descriptions of significant and not significant regulations being developed in agencies of the U.S. Department of Agriculture (USDA) in conformance with Executive Orders (E.O.) 12866, "Regulatory Planning and Review," 13563, "Improving Regulation and Regulatory Review," and 14094, "Modernizing Regulatory Review." The agenda also describes regulations affecting small entities as required by section 602 of the Regulatory Flexibility Act, Public Law 96-354. This agenda also identifies regulatory actions that are being reviewed in compliance with section 610(c) of the Regulatory Flexibility Act. We invite public comment on those actions as well as any regulation consistent with Executive Order 13563.

USDA has attempted to list all regulations and regulatory reviews pending at the time of publication except for minor and routine or repetitive actions, but some may have been inadvertently missed. There is no legal significance to the omission of an item from this listing. Also, the dates shown for the steps of each action are estimated and are not commitments to act on or by the date shown.

USDA's complete regulatory agenda is available online at www.reginfo.gov. Because publication in the **Federal Register** is mandated for the regulatory flexibility agendas required by the Regulatory Flexibility Act (5 U.S.C. 602), USDA's printed agenda entries include only:

(1) Rules that are likely to have a significant economic impact on a substantial number of small entities; and

(2) Rules identified for periodic review under section 610 of the Regulatory Flexibility Act.

FOR FURTHER INFORMATION CONTACT: For further information on any specific entry shown in this agenda, please contact the person listed for that action. For general comments or inquiries about the

agenda, please contact Mr. Michael Poe, Office of Budget and Program Analysis, U.S. Department of Agriculture, Washington, DC 20250, (202) 769-8247.

DATED: April 11, 2023.

1. NATURAL GRASS SOD PROMOTION, RESEARCH, AND INFORMATION ORDER (AMS-LP-21-0028) [0581-AE07]

Legal Authority: 7 U.S.C. 7411 to 7425

Abstract: This action invites comments on the establishment of an industry-funded promotion, research, and information program for natural grass sod products. The proposed Natural Grass Sod Promotion, Research, and Information Order was submitted to the U.S. Department of Agriculture by Turfgrass Producers International, a group of natural grass sod producers. The program would conduct research, marketing, and promotion activities that will benefit the entire industry. Primary goals of the program include educating consumers and stakeholders of the benefits of natural grass and providing producers with marketing tools they can use to grow their business. The goals identified in this proposed rule would only be attainable through a national research and promotion program for natural grass sod.

2. ORGANIC MARKET DEVELOPMENT FOR MUSHROOMS AND PET FOOD (AMS-NOP-22-0063)

[0581-AE13]

Legal Authority: 7 U.S.C. 6501

Abstract: This action seeks comments on the proposed amendments to USDA organic regulations that would clarify production and handling requirements for a) organic pet food standards and b) organic mushrooms. These products are currently certified organic to the standards for similar products like those for human consumption (pet food) or for crops (mushrooms). The proposed action seeks to increase regulatory certainty for these markets and, in turn, support investment, product development, and availability of products in the market. The title and scope of the previous action for this RIN (05810-AE13) titled "Organic Pet Food Standards" has been revised to include the establishment of standards for the production and certification of mushrooms, which was previously proposed under now withdrawn RIN 0851-AE14.

3. DAIRY DONATION PROGRAM (AMS-DA-21-0013) [0581-AE00]

Legal Authority: Pub. L. 116-260, sec. 762

Abstract: This rulemaking would finalize the Dairy Donation Program, which was authorized in the Consolidated Appropriations Act of 2021. The Dairy Donation Program is a voluntary program that reimburses eligible dairy organizations for milk used to make eligible dairy products donated to non-profit groups for distribution to low-income persons.

4. PRESERVING TRUST BENEFITS UNDER THE PACKERS AND STOCKYARDS ACT (AMS-FTPP-21-0015) [0581-AE01]

Legal Authority: Pub. L. 116-260, sec. 763

Abstract: This action would revise the Packers and Stockyards regulations to add provisions for written notifications related to the new livestock dealer trust. The revisions would outline the process for livestock sellers to notify livestock dealers and the Secretary of the seller's intent to preserve their interest in trust benefits should the dealer fail to pay for livestock purchased. The revisions would also require livestock sellers to acknowledge in writing that they forfeit rights to the dealer trust under the terms of credit sales to dealers. These provisions would mirror existing regulatory provisions related to livestock and poultry sales under the Packers and Stockyards Act.

5. TRANSPARENCY IN POULTRY GROWER CONTRACTING AND TOURNAMENTS (AMS-FTPP-21-0044) [0581-AE03]

Legal Authority: 7 U.S.C. 181 to 229c

Abstract: This action amends regulations issued under the Packers and Stockyards Act (P&S Act), revising the list of disclosures and information live poultry dealers must furnish to poultry growers and sellers with whom dealers make poultry growing arrangements. The rule establishes parameters for the use of poultry grower ranking systems by dealers to determine settlement payments for poultry growers. Amendments are intended to promote transparency in poultry production contracting and to give poultry growers relevant information with which to make business decisions.

6. INCLUSIVE COMPETITION AND MARKET INTEGRITY UNDER THE PACKERS AND STOCKYARDS ACT (AMS-FTPP-21-0045) [0581-AE05]

Legal Authority: 7 U.S.C. 181 to 229c

Abstract: This final rule would supplement a recent revision to regulations issued under the Packers and Stockyards Act (Act) (7 U.S.C. 181 229c) that provided criteria for the Secretary to consider when determining whether certain conduct or action by packers, swine contractors, or live poultry dealers is unduly or unreasonably or advantageous. Supplemental amendments clarify the conduct the Department considers unfair, preferential, unjustly discriminatory, or deceptive and a violation of sections 202(a) and (b) of the Act. The rule also clarifies the criteria and types of conduct that would be considered unduly or unreasonably preferential, advantageous, prejudicial, or disadvantageous and violations of the Act, including retaliatory practices that interfere with lawful communications, assertion of rights, and associational participation.

Legal Authority: 7 U.S.C. 6501 to 7 U.S.C. 6524

Abstract: This action would establish additional practice standards for organic livestock and poultry production. The rule would amend the USDA organic regulations related to: livestock and poultry living conditions (for example, outdoor access, housing environment, and stocking densities); animal health care (for example, physical alterations, administering medical treatment, and euthanasia); animal transport; and slaughter.

9. INERT INGREDIENTS IN PESTICIDES FOR ORGANIC PRODUCTION (AMS-NOP-21-0008) [0581-AE02]

Legal Authority: 7 U.S.C. 6501 to 6524

Abstract: Based on comments received from the advance notice of proposed rulemaking, this proposed rule seeks public comment on recommendations to replace outdated references in USDA's organic regulations to U.S. Environmental Protection Agency (EPA) policy on inert ingredients in pesticides. Inerts, also identified as 'other ingredients' on pesticide labels, are any substances other than the active ingredient that are intentionally added to pesticide products. References to outdated EPA policy appear in the USDA organic regulations in the National List of Allowed and Prohibited Substances (National List) and identify the inert ingredients allowed in pesticides for organic production.

11. STRENGTHENING ORGANIC ENFORCEMENT (AMS-NOP-17-0065) [0581-AD09]

Legal Authority: 7 U.S.C. 6501

Abstract: The Strengthening Organic Enforcement (SOE) final rule would, once effective, amend the USDA organic regulations to strengthen oversight and enforcement of the production, handling, and sale of organic agricultural products.

Topics addressed in this rule include: Applicability of the regulations and exemptions from organic certification; National Organic Program Import Certificates; recordkeeping and product traceability; certifying agent personnel qualifications and training; standardized certificates of organic operation; unannounced on-site inspections of certified operations; oversight of certification activities; foreign conformity assessment systems; certification of grower group operations; labeling of nonretail containers; annual update requirements for certified operations; compliance and appeals processes; and calculating organic content of multi-ingredient products.

12. REVISION TO HORSE PROTECTION ACT REGULATIONS [0579-AE70]

Legal Authority: 15 U.S.C. 1823

Abstract: Current Horse Protection Act (HPA) regulations require Designated Qualified Persons (DQPs) to be licensed directly through Horse Industry Organizations (HIOs). DQPs conduct inspections of horses at HIO-affiliated shows, sales, auctions, and exhibitions to determine compliance with the HPA. We are proposing to amend the Horse Protection regulations by eliminating the role of HIOs and assigning inspection authority solely to Animal and Plant Health Inspection Service (APHIS) Veterinary Medical Officers and other third parties authorized and trained by APHIS. Other changes are also being contemplated.

Legal Authority: 21 U.S.C. 136a

Abstract: We are proposing multiple revisions to our AQI user fee regulations in order to facilitate full cost recovery as required by 21 U.S.C. 136a. We are proposing to update the fees using more current operational data, as well as update the fees to incorporate recurring costs such as capital improvements and staffing needs. 14. ANIMAL DISEASE TRACEABILITY; ELECTRONIC IDENTIFICATION [0579-AE64]

Legal Authority: 7 U.S.C. 8301 et seq.

Abstract: This action amends APHIS' animal disease traceability regulations, currently codified at 9 CFR part 86. The primary change requires that APHIS will only recognize identification devices (e.g., eartags) as official identification for cattle and bison covered by the regulations if the devices have both visual and electronic readability (EID). Other changes clarify language and requirements in several sections of part 86. These changes will enhance the U.S. traceability system to better achieve goals of rapidly tracing diseased and exposed animals and containing outbreaks.

15. IMPORTATION OF BOVINE MEAT FROM PARAGUAY [0579-AE73]

Legal Authority: 7 U.S.C. 450; 7 U.S.C. 7701 to 7772; 7 U.S.C. 7781 to 7786; 7 U.S.C. 8301 to 8317; 21 U.S.C. 136 and 136a; 31 U.S.C. 9701

Abstract: We are proposing to amend the regulations governing the importation of certain animals, meat, and other animal products by allowing, under certain conditions, the importation of fresh (chilled or frozen) beef from Paraguay. Based on the evidence from a risk analysis, we have determined that fresh beef can safely be imported from Paraguay, provided certain conditions are met. This action would provide for the importation of fresh beef from Paraguay into the United States while continuing to protect the United States against the introduction of foot-and-mouth disease.

Abstract: This rulemaking amends our disease regulations to provide for a National List of Reportable Animal Diseases, along with reporting responsibilities for animal health professionals that encounter or suspect cases of communicable animal diseases and disease agents. The changes are necessary to streamline Federal cooperative animal disease detection, response, and control efforts. This action will consolidate and enhance current disease reporting mechanisms, and it will complement and supplement existing animal disease tracking and reporting at the State level.

Legal Authority: 7 U.S.C. 2131 to 2159

Abstract: We are proposing to amend the regulations regarding the importation of live dogs by requiring all live dogs imported into the United States for resale purposes to be microchipped for permanent identification, and to require importers to procure a microchip reader and make it available to port-of-entry officials as requested. This action would also add microchipping as one of three identification options for dogs and cats used by dealers, exhibitors and research facilities. In addition, APHIS is proposing to require a verifiable signature on the health certificate and rabies certificate accompanying imported live dogs, an endorsement of the health certificate by a government official in the country of origin, and the mandatory use of forms provided by APHIS. Additionally, we are proposing to update cage standards for dogs held domestically by dealers or exhibitors who are licensed under the Animal Welfare Act or used in research at registered facilities. Other changes are also being contemplated.

SERVICE ACCOUNT REVENUE AMENDMENTS RELATED TO THE HEALTHY, HUNGER-FREE KIDS ACT OF 2010 [0584-AE11]

Legal Authority: Pub. L. 111-296

Abstract: This rule amends National School Lunch Program (NSLP) regulations to conform to requirements contained in the Healthy, Hunger-Free Kids Act of 2010 regarding equity in school lunch pricing and revenue from non-program foods sold in schools. This rule requires school food authorities (SFAs) participating in the NSLP to provide the same level of financial support for lunches served to students who are not eligible for free or reduced-price lunches as is provided for lunches served to students eligible for free lunches. This rule also requires that all food sold in a school and purchased with funds from the nonprofit school food service account other than meals and supplements reimbursed by the Department of Agriculture must generate revenue at least proportionate to the cost of such foods.

20. TECHNICAL CHANGES FOR SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM (SNAP) BENEFIT REDEMPTION SYSTEMS [0584-AE37]

Legal Authority: Pub. L. 113-79

Abstract: The Food and Nutrition Service (FNS) will propose changes that collectively modernize SNAP benefit issuance and increase program integrity while streamlining program administration, offering greater flexibility to State agencies, and improving customer service. The rule will propose to codify provisions of the 2014 Farm Bill, the 2018 Farm Bill, and respond to 2018 OIG audit findings. The rule

will propose to codify 2014 Farm Bill provisions requiring most SNAP-authorized retailers to pay the costs associated with EBT equipment, supplies and related services and requirements pertaining to the online SNAP payment option. This rule would also propose to codify waivers that have been granted to State agencies to implement practices that have proven beneficial as the EBT system has developed and matured and update EBT system technical and functional requirements.

21. PROVIDING REGULATORY FLEXIBILITY FOR RETAILERS IN THE SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM (SNAP) [0584-AE61]

Legal Authority: Pub. L. 113-79; 7 U.S.C. 2011 to 2036

Abstract: The Agricultural Act of 2014 amended the Food and Nutrition Act of 2008 to increase the requirement that certain Supplemental Nutrition Assistance Program (SNAP) authorized retail food stores have available on a continuous basis at least three varieties of items in each of four staple food categories, to a mandatory minimum of seven varieties. The Food and Nutrition Service (FNS) codified these mandatory requirements. Subsequent annual Agency appropriations bill language prohibited implementation of certain final rule provisions. In response, this change will provide some retailers participating in SNAP as authorized food stores with more flexibility in meeting the enhanced SNAP eligibility requirements.

22. STRENGTHENING INTEGRITY AND REDUCING RETAILER FRAUD IN THE SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM (SNAP) [0584-AE71]

Legal Authority: Pub. L. 113-79; Pub. L. 115-334

Abstract: This proposed rule would implement statutory provisions of the Food, Conservation, and Energy Act of 2008 (the 2008 Farm Bill), the Agriculture Improvement Act of 2018 (the 2018 Farm Bill), and other language intended to deter retailer fraud, abuse, and non-compliance in the Supplemental Nutrition Assistance Program (SNAP).

23. SPECIAL SUPPLEMENTAL NUTRITION PROGRAM FOR WOMEN, INFANTS AND CHILDREN (WIC): WIC ONLINE ORDERING AND TRANSACTIONS AND FOOD DELIVERY REVISIONS TO MEET THE NEEDS OF A MODERN, DATA-DRIVEN PROGRAM [0584-AE85]

Legal Authority: Pub. L. 111–296

Abstract: This final rulemaking addresses key regulatory barriers to online ordering in the WIC Program by making changes to the provisions that prevent online transactions and types of online capable stores from participating in the Program. This rule will also allow FNS to modernize WIC vendor regulations that do not reflect current technology and facilitate the Program's transition to EBT. FNS will consider public comments received during the proposed rulemaking stage in development of this final rule.

24. • PERFORMANCE BONDING FOR LOCATABLE MINERALS [0596-AD58]

Legal Authority: Organic Administration Act of June 4, 1897; 30 Stat. 34, 36 (16 U.S.C. 478, 482, 551); General Mining Act of 1872, as amended; 17 Stat. 91 (30 U.S.C. 22-54) ; Surface Resources Act, Pub. L. 167, July 23, 1955, 69 stat. 368. (30 U.S.C. 601, 603, 611-15)

Abstract: This rulemaking would revise Locatable Minerals regulations at 36 CFR 228.13 to allow AA or AAA-rated investments within trust funds as financial guarantee for long-term post-closure obligations. This would create consistency with existing BLM regulations and respond to an immediate programmatic need to provide a viable mechanism for financing long-term, post-closure environmental obligations, which is crucial to the stewardship and restoration of NFS lands affected by mining. This final rule will help meet the Administration's priority to improve service delivery, customer experience, and reduce administrative burdens for those accessing public benefits and services.
